Who We Are?

One Agency. Every Step.

We are a UK-based international recruitment and immigration agency with over 15 years of experience placing professionals across the UK – now expanded globally to Australia, Canada, and Saudi Arabia. What started as a specialist recruitment firm has grown into a full-service relocation partner – helping candidates not just arrive in a new country, but truly build a life there.

Alongside student admissions, we support candidates through every stage that follows – global job placements, all visa categories (Student, Skilled Worker, Dependent, FLR, ILR & PR), and full professional registrations with respective bodies in your destination country.

From your first application to eventually settle permanently – for you and your family – we're with you every step of the way.

"Most agencies get you an offer letter. We get you a career, a visa, and a life abroad."

What You Must Show in Your Bank Account

UKVI requires proof of two things held together in your account:

1. Maintenance Funds (Living Costs)

- London $£1,529 \times 9 \text{ Months} = £13,761$
- Outside London $£1,171 \times 9 \text{ Months} = £10,539$

2. Tuition Fees

The full unpaid first-year tuition balance as stated on your CAS – on top of the maintenance amount.

So if your course is outside London and costs £18,000/year, you must show a minimum of £28,539 sitting in your account – for at least 28 consecutive days before you apply.

⚠ This is not money you spend – it's proof you can support yourself. Plan ahead.

Key Terms, Decoded

CAS

Confirmation of Acceptance for Studies, issued by your university. No CAS, No VISA.

IHS

Immigration Health Surcharge – unlocks complete access to the NHS.

UKVI

UK Visas and Immigration – the UK government body that processes all UK visa applications.

Credibility Interview

A UKVI interview to verify your genuine intent to study. Be honest, be prepared.

Costs, Funding & VISA

The Real Cost of Studying in the UK | Plan smart. No surprises.

Studying in the UK is one of the most significant investments you'll make - and you deserve full transparency.

Here's what your journey will realistically cost, all-in.

One-Year Master's (Most Popular)

- | | |
|----------------------------|-------------------|
| • Tuition Fees | £12,000 – £30,000 |
| • Living Costs (12 months) | £10,000 – £18,000 |
| • VISA + IHS | £1,334 |

Estimated Total	£23,000 – £50,000 (₹30L – ₹65L)
------------------------	--

Three-Year Undergraduate

- | | |
|----------------------------|-------------------|
| • Tuition Fees | £33,000 – £78,000 |
| • Living Costs (12 months) | £30,000 – £55,000 |
| • VISA + IHS | £2,886 |

Estimated Total	£66,000 – £1,36,000 (₹85L – ₹1.75Cr)
------------------------	---

*All figures are indicative. London-based studies sit at the higher end.

What's Changed – 2025/2026 Updates

• Graduate Route is getting shorter

Bachelor's and Master's graduates who apply on or before 31 December 2026 can stay up to 2 years. However, from 1 January 2027, this will be reduced to 18 months. PhD graduates are unaffected and still receive 3 years. This is a big reason to act now rather than delay.

• Dependants are now heavily restricted

Under updated regulations, international students can only bring their partner and children to the UK if they are enrolled in a PhD, another doctorate qualification at RQF Level 8, or a research-based higher degree. Taught Master's students can no longer bring dependants.

Foundation / A-Level Pathway

For students who need to meet UK entry requirements before a degree

- Duration: 6–12 months
- Leads directly to Year 1 of an undergraduate degree

Undergraduate (UG) — Bachelor's

Students who have completed 12th Standard (10+2)

- Duration: 3–4 years (5–6 for Medicine/Dentistry)

BA | BSc | BEng | LLB | MBBS & More

Documents Checklist

- ✓ Academic transcripts & certificates
- ✓ English language proof
- ✓ Valid passport (minimum 2 years validity)
- ✓ Personal Statement
- ✓ Letters of Recommendations (2-3)
- ✓ Updated CV / Resume
- ✓ Work experience letters (if applicable)
- ✓ Proof of funds (bank statements)
- ✓ Passport-size photographs

The most common refusal reasons for Indian applicants are: insufficient financial evidence, funds not held for 28 days, inconsistencies between their personal statement and the CAS, and inability to demonstrate genuine student intent during a credibility interview.

Don't let avoidable mistakes cost you your spot!

Postgraduate Taught (PGT) — Masters

★ Most Popular

Graduates looking to specialize or switch career direction

- Duration: 1 year
- Entry: Bachelor's degree
- A highly efficient route – finish your Master's in just 12 months

MA | MSc | MBA | LLM | MEng & More

Postgraduate Research (PGR) — PhD / MPhil

Students pursuing academic or research careers

- Duration: 3–4 years (research-focused)
- Requires a research proposal and supervisor match
- PhD graduates retain 3-year Graduate Route visa (even post-2027)

Most Indian students on degree-level courses can work up to 20 hours per week during term time and full-time during university vacations. However, they cannot be self-employed, work as a professional sports person, or take a permanent full-time job until they switch to a post-study work or skilled worker visa.
